

Obion County Schools need staff to work in the Extended School Programs (ESP).

All positions are needed and can include teachers, educational assistants, college students, 18-year-old high school students, and people on the sub list. You can work one, two, or three days a week, whatever fits your schedule.

Teachers will make \$21 an hour, EA's and sub teachers make \$16, college students make \$11, and 18-year-old high school students make \$8.25. We match retirement for teachers and EA's into TCRS, the Tennessee retirement system. This is an excellent way to build your retirement. If you have a college student that may like to work or an 18-year-old high school student, tell them about the job.

You do not have to work at the school in which you teach.

Questions can be directed to the individual school site directors OR to Nikki Netherland at nnetherland@ocboe.com
