

Mr. Jason Pate

As an Obion County native, I am excited to teach during the upcoming school year with the Obion County School District at its Lake Road campus. After graduating from Union City High School, I traveled to Williams Baptist College to receive my Bachelor's in Youth Ministry. While living in Arkansas for multiple years, I served in the roll of youth and children's pastor throughout "The Natural State." While serving in youth ministry, I would also spend time working in the mental health field.

After receiving my Bachelor's, I obtained two Master's degrees with one being in the realm of Christian Leadership and the other in Christian Education.

I am the father of Jaxon and Reid Pate, and I am married to my wife of almost ten years, Melissa. In my spare time, I enjoy researching and purchasing 19th century photography and Civil War relics. I look forward to engaging the students of the Lake Road and helping them analyze and appreciate the history of our country and world.
