Mobile Device Monitoring

Tuesday, May 14, 2019

5:30 pm – 7:30 pm

\$20

Instructor: Olivia Phifer, UT Martin ITS Manager

Parents is your child using a smart phone? Do you know how to keep them safe or filter what they see? Need help? In this class you will learn how to keep mobile devices safe and secure for your children. This course will cover how to filter what content a child can access, track their device usage time, and track device location.

Through this course, attendees will learn how to set up smart phones and tablets to monitor usage and set limits for what can be used. We will cover existing features in the latest operating system versions for popular smart phones on the market, and applications that allow for monitoring data usage, device tracking, and application/website blocking. A few of the applications we will discuss will be Spyzie, Life360, FamiSafe, and much more. Devices covered will be Apple products that support the latest software updates and many Android devices.
